MY STAR.

All that I know
Of a certain star
Is, it can throw
(Like an angled spar)
Now a dart of red,
Now a dart of blue;
Till my friends have said
They would fain see, too.
My star that darts the red and the blue!
Then it stops like a bird; like a
flower, hangs furling;
They must solace themselves
with the Saturn above it.
What matter to me if their star is
a world?
Mine has opened its soul to me;
therefore I love it.
—Robert Browning.

H. T. Mattox Is Cured by
Dodson's Liver-Tone

It is Better Than Calomel.
Mr. H. T. Mattox, Archer, Fla., says: "I have found Dodson's Liver-Tone is the best medicine that was ever made. Hope you will sell a million bottles because it will do millions of people stacks of good."
Dodson's Liver-Tone is better than calomel because it has all the good medicinal properties of calomel, but none of its bad after effects. It may be safely taken without danger of accumulating the intestinal organs to the use of laxatives, as in the case when most remedies are taken. This is due to the fact that the vegetable properties act in a natural and not in an artificial way. It is very effective though absolutely gentle in action. We sell it to you with the positive guarantee to refund your money if you are not satisfied. Try a 50c bottle. It is a sure relief for biliousness and other irregularities of the liver. For sale and guaranteed by W. A. D'Alemberte, 121 E. Palafox St.

Blood Poison
30-Day Treatment
FREE

Remarkable Results Produced By New
Vegetable Treatment Without Use
Of Mercury or Potash.

The terrible results of mercury and potash on blood poison are well known. The most these drugs can do is to drive the blood back into the system and smother it for several years. Then when you think you are cured, painful mercury symptoms often break out, and you find that your bones have been rotting all the while. Your teeth may begin to loosen and your tissues, glands, brain and vital organs show the terrible destructive power of the mercury and potash. Locomotor Ataxia, Paralysis and Premature Death are then almost inevitable. Medical authorities admit that this is a free from taint as a new-born child.

The wonderful Wasserman Test, the only blood poison test known to scientists, has proven that a man has been completely purified by the Obbae Treatment.

Don't spend months and years of your precious life, and destroy your health forever by taking mercury and potash which doctors commonly prescribe. Write today. Send your name and address and complete description of your case to the Obbae Co., 1229 Obbae Bldg., Chicago, and they will send you at once an absolutely plain, fully sealed package, a full 30-day treatment absolutely free.

FOR LIEUTENANT AND
MRS. MILLS.

General and Mrs. Albert Mills and Lieutenant and Mrs. Chester Mills have many friends in Pensacola who will read of the following account of a social affair in which they figured during the past week in Atlanta with interest. An exchange of that city has the following:

A beautiful event of the late afternoon and early evening was the reception at which Gen. and Mrs. Albert Mills entertained in honor of the officers and ladies of the Seventeenth Infantry and Lieutenant and Mrs. Chester Mills.

The lovely home on Eleventh street, filled with interesting objects of art from all quarters of the globe was doubly attractive from the number of flowers which were used throughout the rooms.

In the drawing room where General and Mrs. Mills received their guests, slender stemmed vases filled with clusters of narcissi, and spiky white carnations were in delightful harmony with the soft toned walls and the palms and ferns growing in great jardinières.

Mrs. Mills wore a beautiful gown of light blue Japanese silk veiled with marquisette, the corsage embroidered in gold and combined with fur.

The pretty bride, Mrs. Chester Mills, was charming in a gown of agricot pink satin draped with marquisette, the same shade embroidered and combined with gold. Receiving with General and Mrs. Mills and Lieutenant and Mrs. Chester Mills were Col. and Mrs. Van Orsdille, Col. and Mrs. Terrett.

In the reception hall Richmond roses were the glowing red flowers which filled vases and rose bowls and in the dining-room where the pink roses were used, the table covered with a cloth of chrys lace and in the center a silver basket filled with half opened Killarney roses, the petals shading from deep rose tints to pale shell pink on their curled edges. Silver candlesticks were tipped, with rose silk shades and silver baskets held the pink tinted sweets.

Punch was served at two tables.
